

One Metric to Rule Them All

Effectively Measure Your Teams without Subjugating Them

Build Your Own Metric!

A metric I have been struggling with, or an area I wish I could measure			
What problem am I hoping to solve?			
Who am I measuring?		Who is my audience?	
Who/what am I comparing?		What's the measurer/measuree power dynamic?	
<div>Is my metric...?</div> <div><div><input type="checkbox"/> Honest</div><div><input type="checkbox"/> Comparable</div><div><input type="checkbox"/> True</div><div><input type="checkbox"/> Utilization</div><div><input type="checkbox"/> Simple</div><div><input type="checkbox"/> Actionable</div><div><input type="checkbox"/> Proxy</div><div><input type="checkbox"/> Flow</div></div>			
What actions do I want my audience to take as a result of the metric?			
My ideas for my metric are...!			
<i>Hint: time to feedback</i>
